DATE OF GOVERNING BOARD APPROVAL

# GOALS OF THE ANTI-BULLYING AND ANTI-VIOLENCE (ABAV) PLAN

- In compliance with the [Quebec Education Act](#) (QEA), the main purpose of the ABAV plan must be to prevent and stop all forms of bullying and violence targeting a student, a teacher or any other school staff member, **in particular those motivated by racism or homophobia or targeting sexual orientation, sexual identity, a handicap or a physical characteristic.** This plan specifies the duties and responsibilities of the relevant parties of the school **community** and the school **partners** in achieving this.

- Outline the responsibilities of all parties towards the elimination of bullying and violence in the school community, including the responsibility of parents to promote a positive and respectful school climate inside and outside school.

- School boards must see to it that each of their schools provides a healthy and secure learning environment that allows every student to develop their full potential, free from any form of bullying or violence.

- School boards must also ensure a healthy and secure working environment for their staff, and the staff must participate in ensuring a safe and respectful working climate.

- The plan is designed to support the optimal conditions required to guarantee the fundamental right to dignity, equality, and integrity, while respecting the unique character of each individual.

## School Community Parties:

Students, Staff, School Administration, School Board, Governing Boards, & Parents.

## School Partners:

Outside organizations including but not limited to bus companies, coaches, & volunteers.

*"The Lester B. Pearson School Board believes that everyone in its community is entitled to a safe, healthy, secure, respectful and caring environment. The School Board believes that education should prepare our students for a responsible life in a free society, in a spirit of understanding, peace, tolerance, and equality of sexes based on the principles of respect, diversity and inclusion."*

# DEFINITIONS as applied in ABAV

## Bullying

- “the word “bullying” means any repeated direct or indirect behaviour, comment, act, or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a **power imbalance** between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes” ([art. 13, par. 1.1, QEA](#)).

## Violence

- “The word “violence” means any **intentional** demonstration of force of a verbal, written, physical, psychological or sexual nature which causes distress and injures, hurts, or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property” ([art. 13, par. 3, QEA](#)).

## Sexual Violence

- “The concept of sexual violence refers to any form of violence committed through sexual practices or by targeting sexuality, including sexual assault. It also refers to any other misconduct, including that relating to sexual and gender diversity, in such forms as unwanted direct or indirect gestures, comments, behaviours or attitudes with sexual connotations, including by technological means.”  
<https://www.legisquebec.gouv.qc.ca/en/document/cs/p-22.1>

## Racism

- “Corresponds to the “set of ideas, attitudes and actions whose purpose is to make ethnocultural and national groups feel inferior socially, economically, culturally and politically, thereby preventing them from benefitting fully from the advantages to which all citizens are entitled.” Racist discourse is usually based on real or presumed physical and cultural differences.” ([MIDI, 2015](#))

## Discrimination

- “Every person has a right to full and equal recognition and exercise of his human rights and freedoms, without distinction, exclusion or preference based on race, colour, sex, gender identity or expression, pregnancy, sexual orientation, civil status, age except as provided by law, religion, political convictions, language, ethnic or national origin, social condition, a handicap or the use of any means to palliate a handicap. Discrimination exists where such a distinction, exclusion or preference has the effect of nullifying or impairing such right.” ([Charter of Human Rights and Freedoms, section 10](#))

## Parent

# 1. ANALYSIS OF THE SITUATION

## Description of the findings that emerge from the situation analysis with respect to bullying and violence

At Sherbrooke Academy Sr, we strongly feel that happy, heard and engaged students do not bully. These are three things that we aim to do on a daily basis. We want our students to be engaged in their learning in a happy and safe environment. We want them to feel as though they can come to any trusted adult with a situation and they will feel heard and therefore part of the problem solving process to solve minor conflicts.

This year was a challenge in terms of collecting data. We chose to look at informal data (conversations, office referrals, parents meetings) to support our findings and to direct our path for the 24-25 school year plan. When situations occur, they typically take place during unstructured time/passing time. We continue to work this reality and work as a team on finding appropriate solutions.

## Priorities identified with respect to bullying and violence

- plan and carry out age appropriate student assemblies
- student workshops with the local police officers regarding bullying and violence
- parent workshops with the local police reviewing the info given to students during the student workshops
- information regarding student/peer situations shared with lunch staff so they can be informed and monitor situations (confidentiality respected by all staff members)
- Seating plans on school buses
- PD for our lunch supervisors in regards to bullying situations
- Peer mediation with Spec Ed. Tech
- Gr. 3 specific survey to collect data regarding bullying

## 2. PREVENTION MEASURES

The ABAV plan must include prevention measures to put an end to all forms of bullying and violence, *in particular those motivated by racism or homophobia or targeting sexual orientation, sexual identity, a handicap or a physical characteristic*. ## 6. CONFIDENTIALITY

Reporting incidents of bullying or violence is the right thing to do. It allows everyone to obtain help and put an end to the situation. Reporting may cause discomfort in the person doing it, however, the school will take the necessary precautions to preserve confidentiality.

The measures to protect the confidentiality of any report or complaint concerning an act of bullying or violence are:

- Staff are reminded annually that every incident and the ensuing follow-up must be kept confidential.
- Communication with all parties will be discreet.
- All parties will be treated with respect, discretion and empathy.
- Details of applied disciplinary sanctions will be kept confidential as the law forbids that this information be communicated to other students or parents.

### Important information on the investigation process:

- As part of the investigation of a complaint, facts must be verified, witnesses may be contacted and interviews may take place.
- The person conducting the investigation decides on the investigation steps and assesses the credibility of all the persons involved.
- It should begin by asking the complainant if they consent that their identity be revealed or that information revealing their identity be disclosed during the investigation process, if necessary, and in that case, as little as necessary.
- In cases where it is not possible to investigate without revealing the identity of the complainant or information revealing their identity, the person conducting the investigation will communicate with the complainant to discuss possible avenues.
- In the event no other avenue is possible, a complaint may be closed without investigation and complainants must be aware of this. The school will then put in place the measures they deem appropriate based on the information they have.
- In the case of judicial proceedings or grievance arbitration, the identity of complainants as well as the facts related to their complaint may have to be revealed and they may be compelled to testify.
- The complaint file is confidential and only the persons allowed by law can access it. Complainants understand that only the information regarding the student and/or the complainant, or information allowed to be disclosed by the Act Respecting Access to Documents of Public Bodies and the Protection of Personal Information will be provided to them.

- Complainants also understand that publicly disclosing the fact that they have made a complaint and the topic or content of their complaint may indicate that they waive the obligation of confidentiality.
- Information concerning third parties is also confidential and cannot be disclosed unless they consent or in cases covered by the law.

## 7. SUPERVISORY OR SUPPORT MEASURES

It is the responsibility of every staff member to use difficult/challenging situations as opportunities to help students improve their social and emotional skills, accept personal responsibility for their learning environment, and understand consequences for poor choices.

### Supervisory or Support Measures for Victims, Witnesses, and Perpetrators (may include, but are not limited to)

- Ensure a safe, caring, and trusting climate during interventions.
- Put in place necessary measures for the safety of all school community parties and their partners.
- Facilitate a meeting with a designated staff member.
- Offer individual or group support.
- Refer to the professional resources of the school or school board.
- Establish an intervention plan.
- Refer to external partners such as:
  - Batshaw/Department of Youth Protection (DYP);
  - Integrated University Health and Social Services Centre/Integrated Health and Social Services Centres (fr. CIUSSS/CISSMO);
  - Service de Police de la Ville de Montréal (SPVM);
  - La Sûreté du Québec (SQ).
- Monitor and follow up after resolution.

Other school-based measures, if necessary:

- Consider the global development of each individual child.
- Parents will be informed.

## 8. DISCIPLINARY SANCTIONS

The application of disciplinary sanctions will be made following an analysis of the incident(s). The severity of bullying and violent acts are measured by their intensity, frequency, consistency, persistence, context, and impact on students.

### Considerations When Determining Disciplinary Sanctions

- Age and developmental maturity of the students involved.
- Nature, frequency and severity of the behaviours.
- Relationships of the parties involved.
- Context in which the alleged incident(s) occurred.
- Patterns of past or continuing behaviours.

- Other circumstances that may play a role such as cultural context, trauma history and mental health.
